

Mt Pleasant Cemetery

Faulkner County Arkansas

This is a large cemetery located in the northern part of the county, less than a half-mile from the Cleburne County line, north of Highway 25. The Mount Pleasant Methodist Church is located next to the cemetery. In 1987, a census was taken by the Faulkner County Historical Society.

A copy of an early record of burials and reserved burial plots at Mount Pleasant was found at the Faulkner County Library. This is a handwritten record and was perhaps originally part of the church record. Notations such as "E2 of Block A" or "Middle tier of Block B" appear on each page. Individuals found on this early record and not located in this survey are indicated by a double-asterisk (**). The page numbers precede the names. There were no names or dates on the record to indicate when it was made. The record is written in several different handwritings.

Also helpful in compiling this survey was Olmstead Funeral Home records. Several burials were listed on their record, but not located at the time of the survey.

This survey was conducted by me on the following dates: December 17, 2002, January 4, 5, 13, and 14, 2003, and yielded 1,047 individuals.

Respectfully submitted, Sondra Johnson January 2003
