

1890 Lafayette County Tax List

1890 Lafayette County Arkansas Townships

This tax list was submitted by Vicki Richardson and is published here with her permission.

Compiled from the 1890 Personal Tax Assessment Record of 1890.

Taxpayers are listed with all surnames of that letter together.

There are certainly mistakes. The penmanship was hard to read.

The county is as near to the 1890 boundaries as could be determined with the help of the county clerk and tax assessor staff.

Please note that the Buckner area, mainly **Hadley Township**, was not a part of this county until 1910. Shortly after the time of this tax list **Conway Township** was combined with **Roane Township** and **Douglas** was combined with **Steel Township**. **Russel** was added at a later date. In 1890 it was part of **LaGrange**.
