

# Hopson Cemetery

## Little River County Arkansas

Hopson Cemetery is located on LR 20 west of Foreman. It is also known as Pleasant Hill Cemetery because of the Pleasant Hill School that was located beside it. The school building foundation can still be seen today to the east of the cemetery. This census was taken by LRCGS Cemetery Committee Chairman Jimmie Wright in January 2007. The cemetery is abandoned and in danger of being lost to the elements. It is one of the oldest in Little River County. Arward Williams catalogued this cemetery in 1992, and notes that Hopson is labeled Pleasant Hill in the 1979 LR County cemetery book, and that the location given for the cemetery is in error. He states that there are many unmarked graves, estimating as many as 100 to 150; the majority of which have deteriorated or stolen. Bases are evident for "tablet" style markers, but the markers themselves have disappeared. Earliest burial was in 1843 and last burials occurred in 1914.
