Over the years the headstones have slowly disappeared. Three (James, William & Robert Falls) were found to have been moved to Falls Chapel Cemetery. On February 27, 2007, after two years of fund raising efforts, a new headstone was placed on the hill between two trees. It is a beautiful reminder of the those who were laid to rest on this spot many years ago. Pictured below with the new headstone ~ Mary Mills Jackson, who spear-headed the fund raising campaign, and the monument company representative who placed the marker:

Foot Stone for Charles D. Wright

New marker was placed between two headstone footings.
